European Health Leadership Programme

INSEAD Alumni Meeting Program

For Scandinavia

October 29th-30th, 2009, Copenhagen

In cooperation with:

Dr. Jon Chilingirian Professor at Brandeis University, Visiting professor at INSEAD

Torben Stentoft CEO of Rigshospitalet, Copenhagen, Denmark

Dr. Tomas Movin M.D., Ph.D. Director of Emergency Medicine Division Karolinska University Hospital

In collaboration with:

Invitation to the 2009 INSEAD Alumni meeting

Since 1998 INSEAD has, together with Johnson & Johnson, arranged the European Health Leadership Programme (EHLP). So far over forty senior managers from Scandinavia have participated in the program and are thereby active in the process to improve health care. We would like to arrange our first Scandinavian EHLP Alumni Meeting, and give you a chance to meet your peers whom attended the courses throughout the years.

The program will include topics as lean healthcare, optimization of quality, patient centered care, and hospital models of the future. All international speakers are carefully selected due to their broad experience to ensure an interesting day. Moreover, there will be plenty of time for in-depth discussions and sharing of experiences.

We look forward to seeing you again in Copenhagen.

Frank Welvaert
Managing Director,
Johnson & Johnson Corporate
Citizenship Trust (EMEA)

Dr. Jon Chilingirian
Professor,
Brandeis University,
Visiting professor at INSEAD
